Our Ethos

ADHD Matters, supported by Autism Concern and Northamptonshire County Council, offers a service providing information, advice and guidance on all aspects of ADHD and related conditions.

Our objective is to work within the community supporting families with children and young people with ADHD. We also provide support to professionals and anyone involved in their care.

Whether diagnosed or not we are happy to take your call.

What we do

Face to face meetings by arrangement.

Information and resources for parents and professionals.

Support during meetings.

School visits.

Signposting to other services and organisations.

General advice and behavioural management techniques.

Raising awareness and giving ADHD a voice in the community.

Community Support

Attending parent support groups.

Empowering parents to set up their own support networks and groups.

Dedicated phone line for general enquiries.

Online support through our Facebook group and page.
